Case Narrative

Terpenes - Phytol result was above QC criteria in the Method Blank.

Trans-Nerolidol, Linalool, Nerolidol and Phytol result exceeded normally accepted RPD criteria in the Sample Duplicate due to relatively large variations in very small values.

Pesticides - Many analytes recovered above the upper acceptance limit in the Blank Spike, Matrix Spike and/or Matrix Spike Duplicate. Analytes were below the reporting limit in all client samples. See QC report for details.
Spinosad result was above QC criteria in the Method Blank. Analyte was below the action limit in all client samples.
